LUXUS® 40 Corner Left

Manufactured in Germany, the LUXUS® Series of wood burning fireplaces is truly exceptional. Superior engineering, amazing attention to the smallest detail, unsurpassed innovation and incredible quality are all found in this sumptuous new collection. In German, LUXUS® means luxury, extravagance, sumptuousness. Satisfying your senses seems to be at the root of understanding and defining this word.

The distinguished LUXUS® fireplace collection includes two-sided corner, bay, pier styles and an impressive see-thru option. Each model features an incredibly smooth operating guillotine door that cleverly hides away when moved up! The clean look with no louvers, unobstructed view of the flames and the 'feel' of these fireplaces are total luxury!

You'll enjoy living in LUXUS®!

LUXUS®

FEATURES

OPTIMUM COMBUSTION

Means an efficient use of energy, with less soot and lower emissions with dry and seasoned wood. This is because the air for combustion enters the firebox beneath the heavy duty cast iron grate. Another example of that impressive German ingenuity!

THE AMAZING GUILLOTINE DOOR

The guillotine door, standard on all models, allows for a large unobstructed view of the fire and slides up and down almost effortlessly. The door's hardware is ingeniously hidden. You'll feel the luxury every time you use it.

CONVECTION

Air naturally circulates, without the aid of a fan. The heated air can be ducted off the top of the fireplace and into the room(s) to aid the heat distribution.
